TELEGRAPHIC.

Winnipeg, August 29th.

Evidence against Holmes is accumulating.

It is proposed to erect a monument to Mercier at Montreal.

The Armenians are in a state of terror fearing further atrocities.

The first new grain delivered at Brandon is of excellent quality.

Women will be admitted to the Montana Methodist conference.

Trouble is expected between Kalispell Indians and Idaho settlers.

The earl of Dunraven, owner of Valkyrie III, has reached New York.

A cloud burst at Sidwyck, Algeria, caused enormous injury to life and property.

It is now learned that 14 were killed and several injured by fire at Iveria, Italy.

The Bulgarians attacked the Mahomedan village of Dospat, Turkey, and slew 300 persons.

Mr. Bell, publisher of the Nor'-Wester, who is charged by Richardson with criminal libel, has been sent up for trial, bail being accepted for $2,000.

The strike of clothing makers, which started at Rochester, N. Y., has now reached New York city, and will effect 20,000 hands.

The Sultan, of Turkey, describes Great Britain's action with regard to Armenia as discourteous and invokes the aid of France and Russia.

LOCAL.

TRAIN left Calgary on time.

INSP. SNYDER went south on Tuesday's train.

VOTING on by-law No. 107 on Friday the 30th inst.

THERE was no meeting of the town council last evening.

FRANK WILSON left for Fort Vermillion by way of the Landing to-day.

F. FRASER TIMS, M. L. A. for Victoria, started for Regina on Tuesday's train.

W. S. ROBERTSON and family left town to-day for Cooking lake where they intend to camp for a few days.

THERE were 13 settlers on Monday's train. Four came from Ontario and nine from the United States. They were distributed along the line.

R. P. PETTIPIECE, editor of the South Edmonton News, is having the upstairs of his building lathed and plastered and expects to occupy it as a dwelling in about two weeks.

A LAWN social will be held on the Methodist parsonage grounds Monday evening, September 2nd. Tea served from 5:30 to 8 o'clock. Entertainment will be provided.

NEXT Sunday being children's day in the Presbyterian church, the services in the morning will be especially conducted for the young. All parents are requested to be in their places with their children.

MONDAY'S train brought in one car of lime from Kananaskis for J. S. McNulty, of South Edmonton, one car of merchandise from Winnipeg for McKenzie, Powis & Co., one car of household goods from Calgary to Edmonton, and a number of way cars.

REV. JAS. WOODSWORTH, superintendent of Methodist missions, and Rev. G. W. Dean went to Beaver creek on Wednesday to look over that district and organize a Methodist mission there, of which the Rev. A. Whiteside will be in charge.

J. H. LOVERING, late of Oakdale, Nebraska, arrived on Monday's train with his wife and family. Mr. Lovering brought two cars of stock and other settler's effects, and has located near Beaver lake. He has several head of thoroughbred Galloway cattle, and other stock.

AMONG the passengers on board the steamer Athabasca, which arrived at the Landing last Sunday, were Mrs. and Miss Coursell, Mr. and Mrs. Spendlove and family, of Fort Resolution, Mr. Howkley and family, Frank Heron, S. Malterner, and G. G. Grinnell.

REV. G. W. DEAN visited the town of Wetaskiwin last week and met the quarterly board of the Methodist church, at which meeting arrangements were made for the district meeting to be held in Edmonton. Dr. Sharp was appointed lay representative. Mr. Dean then proceeded on his wheel to visit Rev. O. German on the Indian reserve, Ponoka, and returned to town on Friday.

S. MALTERNER, who left here on the 27th of April last on a trip to the Arctic circle, arrived at the mouth of the Peel river on the 26th of June in time to witness the midnight sun. He travelled all the way by canoe, making the trip in two months. At Peel river the sun is visible continually from the 7th of June to the 13th of July. While there he met G. G. Grimmell, who had gone there principally to see the phenomenon, but was one day too late, as the steamer did not arrive till July 14th. They both took the steamer on her return trip and arrived here on Tuesday.

THE first meeting of the Edmonton district of the Methodist church was held in the Methodist church in the town of Edmonton at 2 p. m. August 27th, 1895, Rev. G. W. Dean presiding. Every member of the district was in his place, and a very encouraging report was received from the district as a whole. Everything possible is being done to further the interests of the church. The financial business for the ensuing year was satisfactorily arranged, and other matters of business were transacted with despatch. The presence of the Rev. Jas. Woodsworth was of very great value to the meeting, his office of superintendent of missions giving him wide and definite knowledge of the work. All the members of the district realize the benefit of his presence. The following delegates were present: Rev. Jas. Woodsworth, superintendent of missions for Manitoba, the North-West and British Columbia; Rev. F. W. Locke, Red Deer; Rev. E. J. Chegwin, Lacombe; Rev. John Bowering, Dr. Sharp, Wetaskiwin; Rev. F. W. Battrick, Mr. Latam, Leduc; Rev. H. A. Goodwin, Mr. Shields, South Edmonton; Rev. Whiteside, Beaver creek; Rev. J. B. Taylor, Mr. Jos. Rye, Sturgeon river; Rev. G. W. Dean, W. T. Henry, Edmonton.

WM. SHORT, who has been away for some weeks visiting friends in Ontario, arrived by last train.

MRS. JOHNSON, of Spruce Grove, died last night and will be buried on Saturday at 10 a. m. at Stony plain.

MISS COOKSON, of Beaver lake, has come to town to reside and will sing in the choir of the Presbyterian church.

THE Rev. Spendlove and family, Mrs. and Miss Coursell and Mr. Howkley, passengers on the steamer Athabasca, arrived from the Landing to-day.

MISS R. WOODWARD arrived on Monday's train from Regina to visit her sister, Mrs. G. H. Graydon. Willie Graydon accompanied her from Calgary.

A SON of John Kennedy, of Horse Hill plain, had his collar bone broken by a kick of a horse on Tuesday. He was brought to town, and Dr. McInnis reduced the fracture.

MISS ROGERS returned from the east, where she has been visiting her friends, by Monday's train and commenced teaching on Tuesday morning in the First street school.

R. SECORD left this morning for the Landing to meet Nagle's party, who are expected to arrive at the Landing in a few days. The steamer Athabasca passed them at Fort Smith on her way up.

REV. JAS. WOODSWORTH, supreintendent of Methodist missions, will preach in the Methodist church, South Edmonton, next Sunday morning and in the Methodist church, Edmonton, in the evening.

COMPTROLLER WHITE and Commissioner Herchmer, of the N. W. M. Police, arrived by last train and at once left for Fort Saskatchewan from which place they will accompany the premier's party to Prince Albert.

PROFESSOR DAWSON, who arrived here by last train, left this morning for the Landing to inspect the work at the oil well now being sunk there. Before leaving town he procured about 200 pounds of iron ore from Mill creek and shipped it to Ottawa to be analyzed.

FRANK HERON, of the H. B. Co. post at Fort Wrigley, who missed the steamer Athabasca when on her trip down the river, started after her by small boat expecting to either catch the Athabasca or arrive in time to get passage on the Graham, but he was able to do neither, and has now returned on the Athabasca to the Landing, where he is waiting for Bishop Girouard. On the arrival of the Bishop, they will start again by small boat with pilot Shot for Fort Providence, leaving Mrs. Heron at Fort Smith for the winter.

A. L. BRICK, who has been on a visit to the east and arrived here some daysago, left for the north this morning, after having forwarded about $5,000 worth of goods to the Landing. Mr. Brick goes from the Landing to Lesser Slave lake with small boats and thence with his own teams to Peace River. His brother left here about a month ago with about half of their supplies, and they arranged that the teams will be at Lesser Slave lake to meet this outfit after having taken in the first lot of supplies.

THE Regina Leader has passed from the control of N. F. Davin, M. P., to that of Walter Scott, proprietor of the Moose Jaw Times, and part owner of the Regina Standard. The Leader is owned by a Leader Company as before, but whether it is the same Leader Company or another does not appear. In Mr. Davin's farewell he intimates that the Leader will continue to support the Conservative party. Neither the Leader, Standard nor Times reveal the "inwards" of the transaction, which looks queer. That will depend on outsiders not so well informed, or on time to develop.

S. C. JOHNSON, of Crookston, and O. A. Bakken, of Richlaw Co., Dakota, (who came here as delegates for a number of families that intend moving) were in town to-day in company with G. Thompson, land guide, and Rev. B. Anderson, of Wetaskiwin. They expressed themselves well pleased with the country, and expect that their favorable report, will be the means of sending several families here this fall. They visited St. Albert yesterday and had an opportunity of seeing the gardens at the mission. They were much surprised at the luxuriant growth of the vegetables and saw tomatoes there ripening in the open air untouched by frost and all other succulant plants well advanced.

THE PREMIER'S VISIT.

Monday's train brought in the Hon. Sir McKenzie Bowell, K. C. M. G., Premier of Canada, accompanied by the Hon. T. Mayne Daly, Minister of the Interior, who are on their way to Battleford and Prince Albert by trail. Mrs. Daly, who accompanied the party to Edmonton, returned by train on Tuesday to Prince Albert where she will meet the party after their trip across country. On Tuesday the party paid a visit to Stony Plain reserve and the mission at St. Albert. On their return in the evening a public meeting was held at which addresses were presented by the town council and by the board of trade of Edmonton, And replied to by the premier and Mr. Daly, a report of which appears in another column. On Wednesday morning at eight o'clock the premier and Mr. Daly accompanied by Messrs. Hayter Reid, J. L. Payne, of Ottawa, Joseph Nelson, of London, England, and J. Carleton, secretary to the premier, started by trail for Prince Albert. The party intend calling at all the Indian agencies on the way down and thus obtain a personal knowledge of their conditions and at the same time get some idea of the country along the valley of the North Saskatchewan.

METEOROLOGICAL.

The following temperatures are reported from the Dominion government observatory, Edmonton, for the dates given:

August.		Max.	Min.
Monday,	26,	64	
Tuesday,	27,	64	52
Wednesday,	28,	72	48
Thursday,	29,		49

Barometer reduced to sea level 29.965.

NOTICE.

During the absence of the proprietor at Regina A. McNicol, accountant, and Alf. H. Haines, foreman, are authorized to give receipts for money paid on BULLETIN account. It is particularly requested that all accounts outstanding be paid forthwith.

FRANK OLIVER.

ENTERTAINMENT AT BELMONT SCHOOL HOUSE.

The opening entertainment in the new school house of the eastern half of the original Belmont school district took place last Monday evening. There was a large attendance and a very successful entertainment. The school house is a neat and commodious frame building, well up to the requirements of the district. Rev. D. G. McQueen, of Edmonton, acted as chairman of the meeting while the following programme was rendered: Chairman's address; chorus, "Bringing in the Sheaves," by Misses Coughlan, Price, McKay, Coleman, McLeod and Mr. F. Coughlan; instrumental duet, Mrs. W. J. Walker and Mr. R. M. Andrew; vocal solo, "Mary of Argyle," Miss Birdie McKay; banjo solo, Mr. W. Pearce; vocal solo, "I cannot sing the old songs to-night," Miss Lou Coughlan; dialogue, "Lessons on Cookery," Miss Cicely and Bridget by the Misses McLeod; vocal duet, Misses Lottie Coleman and Birdie McKay. A collection was then taken up in aid of the funds of the Belmont literary society. Refreshments. Instrumental duet, Mrs. W. J. Walker and Mr. R. M. Andrew; vocal solo, Miss Birdie McKay; banjo solo, Mr. W. Pearce; recitation, "Curfew shall not ring to-night," Miss Emma Mc Callum; instrumental duet, Mrs. W. J. Walker and Mr. McCallum; dialogue, "The Morning Call," the Misses Price; vocal duet, "The Fisherman," Miss Lou and Mr. F. Coughlan; tableau, "The Harvest Queen," Miss McLeod; "God Save the Queen."

FUNERAL OF THE LATE J. F. ADAMSON.

The funeral of the late J. F. Adamson took place on Tuesday afternoon to the Edmonton cemetery, and was attended by the St. Andrews society and Old Timers' association and by a large number of the citizens. The funeral services were conducted by the Rev. D. G. McQueen, pastor of the Presbyterian church. The pall bearers were: W. S. Edmiston, H. Edmiston, T. W. Chalmers, A. Boag, L. Adamson, and T. A. Stephen. We unite with the general public in our sympathy to the bereaved mother and relatives of one whose presence will be missed by the community at large.

RESOLUTIONS OF CONDOLENCE.

After the St. Andrews society returned to their hall from attending the funeral of the late J. F. Adamson, the following resolution of condolance was passed:

Edmonton, August 27th, 1895.

To MRS. ADAMSON.

Dear Madam—It is with feelings of deep sorrow that we now express to you and your sorrowing family the resolution of condolance passed by our society at an emergency meeting this afternoon after performing the sad duty of attending the funeral of our late worthy brother, your much lamented son, John Franklin Adamson. While we very much deplore the loss of an esteemed brother, we cannot but feel that your loss is infinately greater than ours, and we hereby tender to you our heartfelt sympathy in your deep distress, imploring the mercy of the God of our forefathers to lighten your burden.

Signed on behalf of the society,

J. G. KINNAIRD, President.
J. J. DUNLOP, Secretary.
J. R. TURNBULL, for Committee.

The following resolution of condolence was pased by the Old Timers' association:

To MRS. ADAMSON.

Dear Madam—The members of the Edmonton Old Timers' Association, of which your late lamented son was a worthy member beg leave to convey to you a resolution of condolence passed at a meeting held today to express their deep sympathy towards yourself and family in this your hour of great affliction. While you have sustained a great loss in a dutiful son, we have lost an esteemed comrade, and are, therefore, in a position to offer you true and sincere sympathy in your bereavement. Hoping an allwise Providence will enable you to bear up under your heavy sorrow.

Signed on behalf of the Association.

JAMES GIBBONS, President.
DONALD ROSS,
A. MCNICOL,
J. R. TURNBULL, } Committee.

Edmonton, Aug. 27th, 1895.

NEW ADVERTISEMENTS.

EDMONTON BULLETIN, AUGUST 29TH, 1895.

PUBLIC MEETING.

A public meeting was held in Robertson hall on Tuesday evening for the reception of the Hon. Sir Mackenzie Bowell, Premier of Canada, and Hon. T. Mayne Daly, Minister of Interior. The following address was presented by the town clerk on behalf of the town:

To the Honorable Sir McKenzie Bowell, premier of Canada, and the Honorable Thomas Mayne Daly, minister of the interior.

SIRS: The municipal council on behalf of the inhabitants at large welcome you to the town of Edmonton.

It must always be a matter of satisfaction to the inhabitants of any locality, as it is to ourselves, that those who direct the affairs of government should come amongst them, thus affording the people an opportunity of making known their present needs, and giving to them an assurance that their future needs, as they arise, will be considered with an intelligent knowledge of the local surrounding circumstances.

It is with an especial pleasure that we find with us the first minister of the crown of the government of Canada, and that he is accompanied by that one of his colleagues whose special care is the welfare of the Northwest Territories.

We take the opportunity now afforded to bring once more to your notice matters which elsewhere and on other occasions have been presented to your consideration, and which we believe are the most pressing immediate wants of the Edmonton district: Namely, (1) The erection of a bridge across the Saskatchewan river at Edmonton; (2) The division of the Alberta electoral district into two, if not three, electoral districts; and (3) The appointment of an additional judge of the supreme court of the Northwest Territories, who shall reside at at Edmonton.

The necessity of the bridge has long ago been admitted, and its erection determined upon, but subject to a most burdensome condition imposed upon the municipality, namely, that the municipality shall bear one-quarter of the cost of its erection. We have lately learned that we have the assurances of yourselves and your colleagues that this condition will be removed at the next session of parliament. We trust we have been correctly informed in this respect.

The propriety of a division of the present electoral district has also, we believe, been fully recognized by the government, and we understand that it has been settled that this matter will also be dealt with at the same time.

We trust that the information which you will gather during your visit will convince you that the claims which have from time to time been urged for the placing of a resident judge at Edmonton are well grounded.

In conclusion, we again welcome you to our town, and while expressing the cordial pleasure afforded us by your visit, we trust that your present tour may be to yourselves one of much pleasure and satisfaction.

C. F. STRANG,
Acting Mayor.
A. G. RANDALL,
Clerk.

The secretary of the board of trade read the following address:

To the Honorable Sir McKenzie Bowell, K. C. M. G., Premier of Canada, and to the Honorable Thomas Mayne Daly, Minister of the Interior.

We, the members of the Edmonton Board of Trade as representing the commercial community of Northern Alberta, desire to welcome you to this the capital of the district.

We trust that you, Sir McKenzie Bowell, may be so favorably impressed with the country, its resources and its present bounteous harvest, as to repeat this your first visit, and that after having personally witnessed our needs, you will use the great influence that you possess as Premier, in having them satisfied.

In again greeting you Mr. Daly, we desire to thank you personally for the unvarying prompt attention and courtesy with which our frequent communications have been met by you, and we trust that in the future as in the past we may still be able to rely on your able advocacy in the cabinet of the cause of the Northwest. As business men we now beg to avail ourselves, Honorable Sirs, of your visit to lay before you a recapitulation of the requirements of this district. As a board we have made representations to the government at various times on the subject of the bridge, the excessive freight rates, the judicial and electoral separation from Southern Alberta, and other important matters.

It appears to us that we can never expect to have our business properly attended to at Ottawa until we have there a member of parliament directly representing Northern Alberta alone. Without any reflection on our present member whose district is too large and whose residence is 300 miles away, we may be allowed to say that had we but a member it would not now be necessary to trouble you on this hurried visit, and Mr. Daly continually, with all the details of our local requirements, it is obvious that no one member can do justice to the diverse business of a constituency so large and so rapidly developing as Alberta. For similar and other reasons which we have repeatedly set forth, a judicial and electoral separation from Southern Alberta is demanded. We, therefore, crave the early compliance of the government with our wishes in this respect.

When, in response to the general agitation throughout the Northwest against the excessive freight rates of the C. P. R., your government appointed a commission to investigate the same, we, as a board, prepared, at great pains and considerable expense, a complete complaint which appeared to us and to the commission on its presentation to them here, to be unanswerable. To our surprise these same commissioners reported against the country and in favor of the C. P. R. and although we have repeatedly requested our member, Mr. Davis, to procure us a copy of the proceedings of the commission, up to this time we have not received one, and we cannot without it conjecture on what grounds the commissioners failed to recommend redress of our well founded and proven grievances. We would, therefore, ask you to see that we are given a printed copy of the proceedings. The matter, being of vital importance to the whole, as well as the commercial community, cannot be allowed to rest in its present unsatisfactory state. It is still a live issue requiring further action on the part of the government.

We are pleased to see that the government have at length commenced to test the Athabasca petrolium deposits at the Athabasca Landing. We trust this may be successful, and in that case we earnestly request the government to immediately make a test still nearer to the railway terminus.

The admirable work done by the experimental farms at Brandon and Indian Head for the benefit and information more particularly of agriculturists in their immediate vicinity, leads us to expect equal benefits would result to the farmers here were a similar institution established in this neighborhood where the soil and climate differ very considerably from those of Brandon and Indian Head.

In view of the valuable finds of alluvial gold in the Athabasca and McLeod rivers and of the gold quartz indications on the eastern slopes of the Rocky mountains, of the growing fur trade with Peace river, and of the fact that the government land within a reasonable distance of the railway terminus is now practically all taken up, it would appear highly desirable that waggon roads should be constructed to the Athabasca at Fort Assiniboine and on to Lesser Slave Lake and that the good land to the west and north of Edmonton should be surveyed and subdivided.

For many years back the need of a bridge at this point on the North Saskatchewan river has been apparent. At first an ordinary traffic bridge would have sufficed, but with the increased settlement and production of this district, the necessity for a combined traffic and railway bridge has arisen, and the want of it is felt more intensely every day by the people on the north side of the Saskatchewan, and they are the great majority of the district. While we thank the government for the wisdom displayed in the final selection of the site for the traffic bridge, which we hope they intend to construct free of cost to the pioneer town of Edmonton, which has already defrayed so many expenses for the benefit of the untaxed district at large, we wish to impress upon you the fact that the delay in constructing the traffic bridge, originally petitioned for, has been so prolonged that the necessities of the country, which at first would have been satisfied with a traffic bridge, now demand a combined traffic and railway bridge.

The extension of the C. & E. railway line to the river by a practicable route recently located by C. P. R. railway engineers is also required.

In aid of these two latter essentially important objects we urge and pray the government to grant towards the construction of the combined traffic and railway bridge, the appropriation necessary for the construction of the traffic bridge, and towards the extention of the railway the usual land grant and subsidy to the company which may undertake these works.

May we hope that you are convinced of the necessity of these several desires and that the government will take them into their most favorable consideration.

Wishing you a prosperous journey and a safe return to the seat of government.

Respectfully submitted on behalf of the members of the Edmonton Board of Trade.

J. A. MCDOUGALL, President.
T. W. LINES, Councillor.
G. F. R. KIRKPATRICK, Councillor.
I. COWIE, Secretary.

After which the band gave a selection.

Mr. Bowell in reply said:—I have to thank you Mr. Chairman, for giving me time to reflect while listening to the melodious strains of the band. I also thank you for the very cordial welcome you have given us. After the close of the last session of parliament I thought it wise to leave the capital and take a trip through British Columbia and the North-West to try what I could do to find out the actual requirements of the country. Every public man should so make himself acquainted. Some years ago I made up my mind that the North-West was a great country. At that time I visited Manitoba and the southern portion of Alberta. What I have already seen of this part of the country on the train yesterday and while driving to-day is a perfect marvel to me. I as a plain spoken man shall say to-night what I believe. You have referred to a number of your requirements and I think it well for you to ask for all you require and accept all you can get, but we have to deal with many portions of the country, and it may be that one part may not get as much as they should while some other portions get more than their proportion When pointed out to me what the government had done for the southern portion of Alberta in the way of building bridges and erecting public buildings, I at once conceded that you had similar rights, but as you know parliement one year ago made such a reduction in the duties on articles in general use by the public that the expenditure last year exceeded the revenue, and until the equilibrium is restored we cannot be so liberal in appropriations of this kind as formerly; but as fast as the finances of the country will warrant it the policy of the government is to return the surplus to the people in the way of public improvements and the development of the country. I did not know on what condition the promise of a bridge had been given you but will use my influence to fulfil as far as possible all that has been promised you. I assure you that the bridge matter will be attended to at the next meeting of parliament and trust that no promise of my government will be broken. I feel proud to tell you that I was a member of the government that made the bargain with the C. P. R. at the time of the contract and believe that it was the best contract possible at that time. Under that contract the government cannot reduce their freight rates until their profits exceed a certain per cent., then we can do so, but I think the branch road between here and Calgary is more under our control and if we can do so I will do my best to have the rates on this line properly adjusted. I am not sure that the report of the railway commissioners is yet printed but will see that it is furnished you as soon as possible. The government are considering the matter of separating Alberta for both electoral and judicial purposes but have not yet arrived at any conclusion in the matter. While you complain that one member cannot properly represent so large a constituency as this, I would ask you to remember that my government has to not only study one portion but to legislate for the whole country from the Atlantic to the Pacific, and you will agree with me that sometimes we find it very hard to satisfy the wants of all. Give us time and we will do all that we possibly can to develop the country here and elsewhere. Our government has not assisted any other portion of the country to develop coal oil, but as soon as it was represented to us that there was a good prospect of getting oil at Athabasca, the government resolved to spend some money to test it, but we are not prepared to spend any great amount unless we can see something in return. As to the roads to the north I leave Mr. Daly to reply to that. You require better facilities for getting to market. This applies to all new countries, and as the population increases, this will be righted. With regard to the low price of grain for the past few years, I would ask you to remember that while 20 years ago England was supplied almost entirely from North America, now we have as competitors, the Argentine Republic, Russia, India and Africa all supplying what was formerly supplied by America, and that when there is a surplus, the price of wheat must come down, and when there is a shortage the price will rise. I thank you for having pointed out your many wants and promise you that we will consider them all, but do not flatter yourselves that you will get them all at once. I have crossed the river now three times. My drive to-day has been a revelation as to the agricultural capabilities of the district which I consider rivals the far famed Portage Plains and has the advantages of abundant wood and coal not possessed there. I am glad to see that you are much more free from frost than numerous other parts of the North-West and Manitoba, and agree with you that you greatly need a bridge. I see that you have been slightly touched with frost in some places, but do not be discouraged on that account as I can tell you that I remember the time when it was almost impossible to raise beans, corn, tomatoes and other succulent plants in the county I came from in Ontario, but since the country has been cultivated the frosts have disappeared and now summer frosts are a thing of the past. I hope I may ere long be able to visit this part of the country again and hope to see that you have prospered as much or more than in the past.

Mr. Daly said: I had the pleasure of visiting your town two years ago and heard of a bridge, and I stated then that I hoped I would not have to come back until I could cross the river on a bridge. I promised to do all I could to get a sum of money placed in the estimates for a bridge. I said that in good faith, and I did get a sum placed in the estimates. At a public meeting of the ratepayers of your town, you passed a motion offering to furnish one-quarter or one-third towards towards the cost of a bridge, and by a motion of the council the same was ratified. We in asking for the vote in the estimates, so represented it to parliament, and it was voted on that condition supposing that the town was still ready to fulfil that promise. After the passage of the amount there was no complaint with regard to the amount asked from you, but complaint was made by you as to the location, and after we had agreed with you as to the location and then only did we find out that you repudiated your former offer. The position now is that the government will have to build the bridge and without the assistance of the town. I was so impressed with the necessity of increased representation for Alberta that I called for and got a special enumeration last spring and the facts show that there has been a great increase in the population of the Northwest, particularly in Northern Alberta, but not enough to entitle it to an extra member according to the standard laid down for the Dominion, but I find that the Northwest act gives us power to make special legislation for the Territories and if any increased representation is given to the Northwest (as I hope there will be) it will be a division of Alberta, and I hope to see this done at the next session of parliament. Your request in regard to judicial separation will be refered to the Hon. C.H. Tupper, who has charge of that department. The report of the railway commissioners is not yet printed and has not yet been considered by the ministry. I sympathize with you in your grievance and hope before long we will be able to do something to remove your grievance as the branch line may be dealt with, separate from the C. P. R. proper. With regard to the coal oil test at the Athabasca, they have lately struck sandstone and the report is favorable, but if after going down another two or three hundred feet, oil is not struck the machinery will be removed to Pelican lake, and if the oil is found at either places the oil will no doubt be piped to Edmonton by private enterprise and will make your town a great trade centre. I hope and trust that as soon as the money is available the number of experimental farms will be increased. If it is found necessary to build roads to the Athabasca it will be a work to be co-operated in by both the Federal and Northwest governments. The matter of a railway bridge is something for the railway to deal with, and I advise you to be satisfied with a traffic bridge and let the government build it. Although only two years have elapsed since I visited your town, I see great improvements notwithstanding the hard times which have been felt all over the world. After cheers for the Ministers and the Queen the meeting closed by the band playing "God Save the Queen."

IS THERE A DEAL ON IN THE SCHOOL DIFFICULTY?

Free Press Ottawa despatch: Fred. White, comptroller of the N. W. M. P., left for Winnipeg two days ago. As his departure was kept quiet and not given to the government press, a report has leaked out that he is the bearer of some valuable information to Premier Bowell in regard to the Manitoba school case. It is stated that the nature of this information is in the way of a deal which has been going on between parties representing the Dominion and the province of Manitoba, looking to a settlement of the school case. The names of some parties interested in the Lake Daupnin railway and friends of the local government are mentioned in the deal. It is hinted that they are using their influence with Mr. Greenway to settle the question, thereby trking it out of federal politics, and in consideration of this Dominion assistance will be given to this road.

There are said to be other considerations in the deal. Sir John Schultz is also working hard for a settlement, and if he succeeds he will be rewarded with a second term or perhaps taken into the cabinet, in which event he would change places with Mr. Daly.

While all these reports are in circulation it is very omnious that leading conservatives when spoken to in regard to the school question maintain that the federal government will not be called upon to pass remedial legislation.

NOTICE.

Owing to the very large advance in price of both Cut and Wire Nails lately made by the manufacturers, we are compelled to advance our prices.

On and after Monday, the 26th inst., our price will be 6c. lb. for Cut and 7c. lb. for Wire in ordinary sizes.

INNISFAIL.

The weather continues cool and broken. The frost, which we have had once, has not done as much damage as was feared, but a second frost would ruin everything, as the crops are now in a position to take great harm. We hope, however, that warm clear weather is before us, which will ripen what will prove, we think, a very heavy crop.

Things are quiet here, as most people are waiting to see how the crops turn out. The price of creamery butter has been low, but the market is stiffening and the price is rising.

Our exhibit at Regina has done much good. A market has been formed here for our cheese, which met with high favor, our large cheese, which weighed 1300 pounds—and not 300 as erroniously stated in the BULLETIN—was said by the merchants who bought it, to be the best flavored cheese in the fair, and our other exhibits created great interest.

C. B. McCallum, one of our leading young storekeepers here, of the firm of McCallum & Douglas, was married a few days ago to Miss Lena Murray, daughter of Mr. Charles Murray, of the Innisfail hotel. The wedding was a quiet one, and the bride looked charming in a gown of heliotrope silk. They are occupying the house belonging to Mr. James Scarlett on Fourth street.

G. W. West is moving his buildings from their present site on the Murray townsite to a new position on Alberta street, almost opposite the store of Messrs. McCallum & Douglas. Other buildings from the north end are also to be moved shortly.

Messrs. Douglas, John Wilson, S. J. Curry and A. McFee left for a short tour of sport exploration and recreation last week through the country surrounding the Quill lake, Devil's Pine lake and Buffalo lake.

James Whitworth was summoned before Justices Simpson, Lauder and Fream last week in connection with the branding by him of a colt claimed by Mr. Campbell, of Bowden. Mr. Whitworth was able to prove to the satisfation of the bench that he had reasonable grounds for branding the colt, but he was ordered to return it to Mr. Campbell. P. J. Nolan for the defence, W. B. Osbourn for the prosecution.

W. H. Carter and family left for Vancouver on Friday's train, where he intends to engage in his old profession of a chartered accountant.

Messrs. Nolan and Osbourn went south on Friday.

Mr. Naismith, of Olds, occupied the Presbyterian pulpit yesterday, in the absence of Mr. Spear. There was Methodist service in the morning and English church service in the evening, the latter conducted by the Rev. Mr. Wooden, the new incumbent.

Mr. McClure has been away horse hunting and returned with the prodigals on Thursday last.

Mr. and Mrs. Spear, Mrs. Ballingall and Mrs. Simpson and family drove out last Wednesday to pay a visit to Mrs. Walker at the Hay Valley. After a pleasant day, the party returned at dusk, ready for bed.

G. W. West went to Calgary on Tuesday and returned on Thursday.

The boys and their hounds have been trying hard to give the coyotes round here trouble lately, but without much success. We shall have to get some dogs to track them by sent, and then the running hounds will have a chance.

G. Lundy, of the Hotel Alberta, reports business brisker during the last two weeks.

August 26th, 1895.

GENERAL NEWS.

Joe. Patchen and John R. Gentry met in the Washington park track Aug. 23, and gave an exhibition of some very fast going considering the gale that was blowing. Upwards of 12,000 people saw Patchen defeat Gentry in three straights the time of which were 2.06½, 2.07¼, 2.07¼. Gentry proved himself to be the gamest of the game. In the heat stood the whip for the last half mile. The fastest quarter was covered in 30 seconds.

The announcement in the British house of commons by Walter Long, the new president of the board of agriculture, that an examination of the lungs of Canadian cattled showed unmistakable traces of pleuro-pneumonia, thus precluding all hope of raising the embargo against Canadian cattle in England is a source of serious dissatisfaction to the agriculture department here. "It is a conclusion," said a prominent officer, "which has been reached upon an altogether insufficient diagnosis. The appearances described by the board of agriculture in the case of the lungs of these two animals does not at all establish the presence of pleuro-pneumonia. There is even less ground to believe these cases to be pleuro-pneumonia, than there was in those so successfully contested by the report of Mr. Angiers last year—a report, which, by the way, has not been answered to this day or even laid before the British house of commons. It is believed that the case referred to in the house of commons yesterday—Deptford case—will utterly break down at the touch of professional criticism."

Hon. Edward Blake and Mrs. Blake arrived at Quebec on August 24th by the Parisian. Both are in excellent health. They took train and went right through to Toronto, where they will remain for a few weeks. Mr. Blake will sail from San Francisco on October 15th, en route to New Zealand, where he goes to act as umpire in an arbitration case in connection with the Midland railway of New Zealand. He expects to return to England by January next via the Suez canal. Regarding his future prospects it is understood that Mr. Blake intends adhering to his letter of acceptance of the nomination addressed to the electors of South Langford, in which he declared that he would act in his present capacity during the present parliament.

FOREST FIRES.

Spokane, Wash., Aug. 20. The fires have now reached south along the line of the Great Northern, and continue with unabated fury. Millions of feet of timber have already been destroyed. In the section where the flames are now burning several small settlements, and a good many settlers are scattered throughout the timber, and fears are entertained for their safety. In Northern Panhandle, Idaho, a wild and uninhabited wilderness the fire is rapidly licking up the vast timber reserve. Never before in the history of the Northwest, has a fire caused so much havoc. Mr. McReary, superintendant of bridges of the Northern Pacific, confirms the report of the death of four men. They were bridge carpenters, and had gone out on a long bridge to extingush the fire. Failing in this they sought to return, only to find their retreat cut off. They leaped from the bridge into the chasm, 135 feet below, and were dashed to death.

Tacoma, Wash., Aug. 20. A special from Pittsburg says, that the forest fires have resulted in sparks and pieces of burning trees being sucked into the coal mine at that point, setting the entire mine on fire and preventing further work. The mine is deserted, and every air shaft sealed in order to smother the fire. The damage cannot be ascertained until the fire is extinguished.

Spokane, Wash., Aug. 20. Passengers on the westbound Great Northern train had a narrow escape from death last night. The train had passed through a fierce forest fire for a distance of ten miles. When it reached Little Spokane river, about twenty miles east of this city, a huge tree fell across the track from the mountain above, just as the train was passing. The engine struck it, causing the train to stop so sudden as to throw the passengers violently from their seats. The burning tree was dragged partially under the cars, and for a moment the train toppled to one side. So intense was the heat from the forest fire that the coaches blistered. The burning tree set fire to the mail and baggage cars, but the flames were extinguished. With axes the track was cleared and the train succeeded in reaching here badly damaged.

Ssokane, Wash., Aug. 23.—Rain has been falling at intervals during the past two days, temporarily checking the forest fires, but again they have broken out afresh. Many campers and prospectors who have been out in the forest, are arriving here daily and telling thrilling stories of being overtaken by a fierce rush of flames and compelled to flee for safety.

Priest lake, in Northern Idaho, is now surrounded by fire and the settlers are compelled to leave nearly everything behind and escape in boats by way of the lake. Along the Salmon river the miners have made their way out by trail to the railroad at Northport, leaving their cabins and effects to be burned. It will be several weeks before trains on the Mulland branch of the Northern Pacific will be running owing to the long bridges burning out.

Winnipeg Commercial Aug 17 : Wholesale trade is quiet, and will remain slow until harvest is well secured. Bank clearings were less this week than a year ago, but this week represented only five days, against a full week last year. The strike in the lumber district was declared off on Monday. The Canadian Pacific Railway shops in Winnipeg, the principal industrial concern in the city, will begin running full time on Monday August 19. The first harvest laborers' excursion from the east brought in 2,850 persons, a few, however, of whom were women looking for positions as domestics, and also a few who availed themselves of the cheap rate simply to visit the country. Nearly 2,500, however were supposed to have come to work in the harvest. Another batch will arrive next week, so that with these large arrivals there will be plenty of harvest help. These men, it must be remembered, are not navvies or ordinary laborers. Many of them are sons of prosperous eastern farmers, who come with the object of seeing this western country and gaining some practical knowledge in farming work here by working through the harvest. The introduction of so many of this class will no doubt have a good effect, as it may be expected that many will become permanent settlers, or will return to take up land here. The feeling in land has already improved, in view of the fine harvest, and if no accident happens to the harvest now being gathered a great improvement may be expected in immigration and land sales.

Gravenhurst, Ont., Aug. 24.—On Tuesday a fatal quarrel took place near Severn Bridge, resulting in the death of John Wilson, jr., a Swede. The assailant was his nephew, Peter Paulsen, a slightly built young man, with a knowledge of boxing. the two men were in a barn and were having high words about a girl. Richard Draper witnessed part of the quarrel, and advised Wilson, who was a big fellow, to give Paulson a licking. Wilson tried to act on the advice and went forward to attack Paulsen, but was met with a blow on the forehead from which he never recovered, death resulting next day.

Hudson's Bay Company

(Incorporated 1670.)

We came here first and came to stay. Our business has undergone many changes as we have grown with the country and are now, and intend to continue, abreast of the times. Our stock of seasonable goods is always complete, the variety greater, the quality better, and the prices cheaper than any other store in town.

J. T. BLOWEY

LAYING THE CORNER STONE OF ALL SAINTS' CHURCH.

Monday afternoon last was the occasion of the laying of the first corner stone in Northern Alberta with masonic honors. On Monday afternoon the corner stone of the new All Saints' church, now being erected in Edmonton, was laid by Past Master C. W. Sutter acting grand master. A special communication of the grand lodge was convened in the Masonic Hall at 4 o'clock. At 4:15 o'clock the procession was formed and marched to the site of All Saints' church in the following order: Edmonton Fire Brigade band, Bro. John Coleman, tyler, with sword, master masons two and two; past masters, Bro James Lauder carrying bible, escorted by the two stewarts; Bros. James Ross and Joseph Hurssell; principal architect, Bro. N. G. Flater; acting grand secretary, Bro. Jas. McDonald; acting grand treasurer, J. A. McDougall; acting grand senior warden, R. B. Ferguson carrying a vessel with wine; acting grand junior warden, Bro. E. A. Braithwaite, carrying a vessel with oil; acting deputy grand master, Bro. H. C. Taylor, carrying a vessel with corn; acting grand master, C. W. Sutter escorted by two deacons, Bros. K. A. McLeod and F. D. Osborne. Arriving at the site of the cermonies the acting grand master ascended a platform prepared for the laying of the corner stone and explained to the audience the purpose of the assembly and called upon the Rev. Bro. Stunden to give further particulars for this occasion.

The Rev. Bro. Stunden then spoke as follows:

Brethren, a sacred task is about to be performed. A corner stone is about to be laid for a house of worship. You have assembled to witness a symbolical, time-honored ceremony, and to testify by your presence your deep interest in the erection of the projected edifice. Upon this foundation we have resolved to erect a house devoted to the worship of the most high, the creator and governor of the universe, the preserver of all mankind, a house worthy of the name we bear and of the religion we profess. When this church is completed we shall possess a new home wherein to assemble and to worship the Lord in the beauty of holiness. This structure will be a noble monument to a pious enterprise, a bright ornament to our faith and people, and a just pride to the citizens of Edmonton. Gradually this edifice will rise, assume its proportions and present to the beholder the embodiment of the architect's finished design. But not the material however costly, not the house however beautiful, not the decorations however fine, will give cause for congratulation. Ornamented walls are without meaning unless man invests them with his sentiments, his ideas and his principles. The feelings and sentiments with which at a future day you, my brethren, in the faith will enter the portals of these walls, will constitute their intrinsic ornament. "They shall make unto me a sanctuary and I will dwell among you," saith the Lord. That is I will animate you with my spirit, the spirit of wisdom and understanding, the spirit of counsel and strength, the spirit of truth and love, the spirit of justice and the fear of God. Such is the spirit of religion, such is the spirit of what will be taught within these walls. Fellow-citizens, the work we have undertaken is a noble one; the response from the congregation has been most liberal, and on this occasion we would ask for your help and contribution, and we feel from our knowledge of the liberality of the people of Edmonton that our appeal will not be in vain. The numerous attendance of our fellow-citizens, some to testify their interest and sympathy as spectators, others by active participation in the exercises of the hour, practically illustrates the lines of the sacred bard: "Behold how good and pleasant a thing it is for brethern to dwell together in unity." The corner stone will now be laid by the worthy brotherhood whose motto is: "Light, truth and charity," whose principles and practices are in harmony with the principles and practices of christianity. As Hiram, King of Tyre, assisted King Soloman in building the first temple, so do we ask you, most worshipful sir, to lay the corner stone of All Saints' church, Edmonton; so do we approach you with the assurance of a cheerful response as did King Soloman when he called for the aid of one of the patron architects of our ancient and honorable order.

Mr. G. R. F. Kirkpatrick then presented the acting grand master with an address and a handsome silver trowel for the work. The acting grand master in accepting the trowel, thanked the building committee on behalf of the grand lodges and said he would always consider it one of his treasures, not for its intrinsic worth, but as a pleasing memento of having laid the first foundation stone of a structure for the worship of God in Edmonton, or Northern Alberta, by the masonic craft.

The following ode was then sung by the masons.

Great Architect of heaven and earth.
To whom all nature owes its birth;
Thou spoke! and vast creation stood,
Surveyed the work—pronounced it good.

Lord, here the wants of all supply,
And fit our souls to dwell on high;
From service in this humble place,
Raise us to praise thee face to face.

After which a prayer was offered by the grand chaplin, Rev. Bro. Stunden, and the grand treasurer deposited a tin casket within the cavity containing the following scroll, after being read by the grand secretary. "In the name of and by favor of the Great Architect of heaven and earth. On the twenty-sixth day of August, A. D., 1895, A. L. 5895, and in the 59th year of our Most Gracious Sovereign Victoria, Queen of Great Britain, Ireland and the colonies. His Excellency, Lord Aberdeen, governor general of the Dominion of Canada. Hon. C. H. Mackintosh, lieutenant governor of the Northwest Territories. M. W. Bro. Charles Napier Bell, Winnipeg, grand master of the grand lodge of Manitoba. R. W. Bro. Corbet Locke, Morden, grand senior worden. R. W., Bro. Hugh Bain, Prince Albert, grand senior warden. R.W. Bro. T. F. English, D. D. G. M., No. 9. W. Bro. H. C. Taylor, W. M., Bro. R. B. Ferguson, S. W., Bro. E. A. Braithwaite, J. W., of Edmonton lodge No. 53. The Right Reverened Cyprian Pinkham, D. D., Bishop of Saskatchewan and Calgary. The Rev. Bro. A. Stunden, B. A., rector of All Saints'. G. R. F. Kirkpatrick, E.C. Emery, T. W. Lines, E. A. Braithwaite, M. D., A. R. B. Hearn, G. H. Graydon, T. W. Chalmers, building committee. Clark and Folliett contractors. Edmiston & Flater, architects. H. C. Wilson, M. D., mayor. The corner stone of All Saints' church, Edmonton, was laid by R. W. Bro. C. W. Sutter grand steward for the grand master of the grand lodge of Manitoba, ancient free and accepted masons, assisted by the acting grand officers and brethern of Edmonton lodge No 53, A. F. & A. M., and other brethern in accordance with the ancient usuages of the fraternity which may God ever protect and prosper."

The corner stone was then placed in position, and the hymn "The church has one foundation," was sung. The working tools, the square, level, and plumb were then applied to the stone and their uses explained by the deputy grand master and wardens, and the grand master pronounced the stone tested by the implements of masonry in the following words: "I find that the craftsmen have skillfully and faithfully performed their work and I declare the stone to be well formed, true and trusty and correctly laid according to the rules of our ancient craft, and scattering of the elements of consecration; the deputy grand master advancing first, and scattering wheat on the stone, explains the symbol in the words; "I scatter this corn as an emblem of plenty. May the blessing of bounteous Heaven be showered upon us, and upon this and all like noble undertakings, and may T. G. A. O. T. U. inspire the hearts of this people with virtue, wisdom and gratitude." The grand senior warden pours wine, saying: "I pour this wine as an emblem of joy and gladness. May the Great Ruler of the Universe bless this country and all who are in lawful authority over us, and grant that religion, freedom, progress and prosperity may perpetually prevail, and that the voice of joy and thanksgiving may be heard everywhere throughout the land."

"I pour this oil," said the grand junior warden, advancing, "as an emblem of peace and consolation. May the great disposer of events cause peace to prevail more and more upon earth, and good will among men,—give comfort and consolation to the sorrowing and bereaved; provide and protect the widow, the fatherless and the suffering poor; and bestow upon us all the consolation of His grace in the trials and vicissitudes of life."

The grand master makes invocation in the following language, after which he declares the corner stone properly laid: "May the all-bounteous Author of nature bless the people of this place with an abundance of necessaries, conveniences and comforts of life. May he assist in the erection and completion of this undertaking; protect the workmen from accident; long protect the structure from decay and ruin, and grant unto us and to all men an abundant supply of corn nourishment, the wine of refreshment and the oil of joy."

The Right Worshipful, C. W. Sutter, acting grand master, then gave the following address:

"Ladies and gentlemen here assembled be it known unto you all that we be true and lawful Freemasons, bound by solemn obligation to be loyal to our sovereign, to be obedient to the laws of our country, to assist in the erection of structures of public utility and of stately, superb and sacred edifices, to be servicable to our brethern, to practice universal benovelence, and to love and serve our Heavenly Father, the great architect and ruler of the universe. We have among us secrets, faithfully transmitten to us from time immemorial and which may not be improperly revealed, but they are lawful and honorable and they are placed in the custody of Freemasons, who have the keeping of them until the end of time. Masonry is a noble science of morality, and masonry is pure. It is worthy of the lawful attention of every man, and ought to create in the heart of every student, a reverence for diety, love for his fellowman, and a devotion for right dealings. Unless our craft were good, and our calling honorable, we would not have existed in so many countries for so many ages, nor would we have, out of every order and rank in church and state, so many illustrious brothers in our fraternity ever ready to saction our proceedings and contribute to our prosperity. We have assembled here this day, in accordance with our immemorial custom, to assist in the erection of a structure for the worship of God, and our humble prayer to the Almighty is, that He may greatly prosper its construction, and that it may long be preserved for the convenience and welfare of the congregation of All Saints' church." Benediction by the grand chaplain.

SUPREME COURT.

Reserved judgment of Hon. Mr. Justice Rouleau in Peter Pruden against James C. Squarebriggs, Margaret Squarebriggs and Emeline Deitz.

This action was brought by Pruden for an order dissolving the co-partnership of Squarebriggs & Pruden in the Sturgeon river mill business. Also for an accounting, also to have the transfer of Squarebriggs to his wife set aside as being fraudulent, and given to defeat Pruden, also to set aside the transfer of Mrs. Squarebriggs to Mrs. Deitz as fraudulent, and enacted for the same purpose, also the mortgage back to Mrs. Squarebriggs, as fraudulent and a sham, also the assignment of that mortgage from Mrs. Squarebriggs to her father, James Johnstone, of Namao, as being fraudulent.

The evidence showed that in 1892, Squarebriggs sold to his wife a three-quarters interest in the whole for $1,000, and in 1894, a day after this suit was started, she sold for $3,600, to the wife of their servant man Mrs. Deitz, and Mrs. Deitz on the same day gave a mortgage back to Mrs. Squarebriggs for $3,600, and soon after Mrs. Squarebriggs assigned her mortgage to her father, and he gave no cash but simply his notes for it to his daughter.

The clerk of the court found that Pruden had suffered $1,200.07 damages through Squarebriggs' conduct.

His Lordship therefore ordered:

(1) Dissolution of co-partnership.

(2) The setting aside and cancellation of all the above transfers, mortgages, etc., as being fraudulent, null and void.

(3) The sale of the property, and out of the sale to be paid: (a) A mortgage to the Rev. Fathers at St. Albert. (b) $1,200 to Pruden. (c) One-quarter of total to Pruden as his one-quarter share. (d) All costs to Pruden.

Taylor for Pruden, Bown for Squarebriggs, Woodworth for Deitz.

BIRTHS.

WELBOURN—At Stony Plain on Monday Aug 19 th. the wife of G. J. Wellbourn of a son.

SCHOOL LIFE.

I sat in the school of sorrow,
The Master was teaching there;
But my eyes were dim with weeping,
And my heart was full of care.

Instead of looking upward,
And seeing His face divine,
So full of the tenderest pity,
For weary hearts like mine,—

I only thought of the burden,
The cross that before me lay;
So hard and heavy to carry,
That it darkened the light of day.

So I could not learn my lesson,
And say "Thy will be done!"
And the Master came not near me,
As the weary hours went on.

At last in my heavy sorrow,
I looked from the cross above,
And I saw the Master watching,
With a glance of tender love.

He turned to the cross before me,
And I thought I heard Him say,
"My child, thou must bear thy burden,
And learn thy task to-day.

I may not tell the reason,
'Tis enough for thee to know
That I, the Master, am teaching,
And give this cup of woe."

So I stooped to the weary sorrow;
One look at that face divine
Had given me power to trust Him,
And say, "Thy will, not mine."

And thus I learnt my lesson,
Taught by the Master alone;
He only knows the tears I shed,
For He has wept His own.

But from them came a brightness,
Straight from the Home above,
Where the school life will be ended,
And the cross will show the love."

BY-LAW No. 103.

A By-Law to provide for the borrowing on the credit of the municipality at large, the sum of $403.65 for the payment of certain local improvements made in the year 1894.

WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 1) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made;

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 2) duly signed, was presented to the Council of the said Municipality, asking that a plank sidewalk be constructed on the south side of Jasper Avenue between First Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, and the cost thereof paid by special frontage assessment upon the lands fronting on the South side of the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS the said improvements were made, and the expenditure necessary therefor was met by means of temporary loans or advances effected in pursuance of the Municipal Ordinance in that behalf.

AND WHEREAS by and in pursuance of By-laws in that behalf of the said Municipality, it was ascertained and finally determined as follows. (a) That the probable life of the improvements made under each of the above mentioned petitions is ten years from the first day of January, 1895. (b) That the actual cost of each of the said improvements, including interest properly chargeable thereon, was as follows: Of that under Petition No. 1, $83.40 and of that under Petition No. 2, $320.25, making in all the sum of $403.65. (c) That the value of the land chargeable and charged with the special frontage rate in each case, (exclusive of all improvements thereon) was as follows: That comprised in Petition No. 1, $8,400.00; and that comprised in Petition No. 2, $9,000.00, making in all the sum of $17,400.00. (d) That no portion of the costs of any of the improvements made under either of the said petitions is to be borne by the Municipality at large. (e) That the number of feet frontage assessable as aforesaid, comprised in Petition No. 1, is 636 feet, and the proportions in which the cost of the improvements made in pursuance of said Petition No. 1 is to be borne is an equal and uniform portion per foot frontage of the entire cost of the improvement made in pursuance of said Petition No. 1; and that the number of feet frontage assessable as aforesaid comprised in Petition No. 2 is 636 feet, and the proportion in which the cost of the improvements made in pursuance of the said Petition No. 2 is to be borne, is an equal and uniform portion per foot frontage of the entire cost of the improvement made in pursuance of said Petition No. 2;

AND WHEREAS by and in pursuance of the said By-laws, the cost of the improvements was accordingly assessed by way of special frontage assessment upon the lands fronting on the street whereon the improvements were made, the said cost to be levied by a special rate upon the said lands comprised in each petition respectively in such manner that there should be levied and collected in each year for the period of ten years from and after the first day of January, 1895, at the same time and in the same manner as the general municipal taxes, such sums as should be sufficient in each case to cover the annual interest at the rate of six per cent. per annum upon the amount of the cost, and form an equal yearly sinking fund for the payment of the principal of the amount thereof, estimating the rate of interest on the investment of the sinking fund at five per cent. capitalized yearly.

AND WHEREAS, for the purpose of repaying the said temporary advances or loans and interest thereon it is necessary and expedient to borrow on the credit of the Municipality at large the said sum of $403.65 by the issue of debentures, the principal whereof shall be repayable on the 31st day of December, 1904, and which shall bear interest from the 1st day of January, 1895, payable half-yearly at the rate of six per cent. per annum.

AND WHEREAS while the said debt is created on the credit of the said Municipality at large, the Municipality is to collect the same only by way of special frontage and assessments.

AND WHEREAS it is expedient to provide for the re-payment of the said principal sum by the creation of an equal yearly sinking fund.

AND WHEREAS the total amount required to be raised by the special rate for the repayment of the said debt of $403.65 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is $56.35, being composed of the sum of $11.70 in respect of the sum of $83.40, the cost of the improvements under Petition No. 1, and the sum of $44.65 in respect of the sum of $320.25, the cost of the improvements under Petition No. 2.

AND WHEREAS the annual special rate per foot frontage for the paying of interest and creating an equal yearly sinking fund, for the payment of the said sum of $11.70 is 1 85-100 cents per foot frontage of the land comprised in Petition No. 1, and the annual special rate for the paying of interest and creating an equal yearly sinking fund for the payment of the sum of $44.65, is 7 4-100 cents per foot frontage on the land comprised in Petition No. 2.

THEREFORE, the Mayor and Council of the Municipality of the Town of Edmonton in Council assembled, enact as follows:

1. That this by-law shall come into force on the day of the final passing thereof.

2. The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality at large, the sum of $403 65 and interest thereon at the rate of 6 per cent per annum from the first day of January 1895, and for that purpose may issue one or more debentures of the Municipality at large, in sums of not less than $10 each, repayable on the 31st day of December, 1904, bearing interest at the rate of 6 per cent, per annum from the 1st day of January, 1895, payable half-yearly; such Debentures to be payable at the office at Edmonton of the Treasurer of the Municipality, and to have attached thereto, coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be raised annually for the payment of the said interest and creating the equal yearly sinking fund to be set apart for the payment of the said principal sum of $403.65, there shall be levied at the same time as the general Municipal Taxes in each year, during the period of ten years from and after the first day of January, 1895, an annual special rate, over and above all other rates, of 1 85-100 cents per foot frontage on all of the land comprised in Petition No. 1, and of 7 4-100 cents per foot frontage on all the land comprised in Petition No. 2.

4. The credit of the Municipality is hereby pledged for the payment of the said sum of $403.65 and interest as aforesaid.

Done and passed in Council this 19th day of June, A. D. 1895.

{SEAL} H. C. WILSON, Mayor.
A. G. RANDALL, Clerk.

Assented to this ninth day of August, A.D. 1895.

[SEAL.] C. H. MACKINTOSH,
Lieutenant-Governor of the North-West Territories.

NOTICE.

The above is a true copy of a By-law passed by the Municipal Council of the Municipality of the Town of Edmonton on the 19th day of June, A. D. 1895, and approved by His Honor the Lieutenant-Governor in Council on the ninth day of August, 1895, and all persons are hereby required to take notice that any one desirous of applying to have such By-law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within two months next after the third publication of this notice or he will be too late to be heard in that behalf.

A. G. RANDALL,
Clerk of the Municipality of the Town of Edmonton.
